Fellows Retreat
Wednesday, October 29th
8:00 am – 4:00 pm

The Graduate Medical Education Office of the Partners HealthCare System would like to invite 1st year Clinical Fellows across all specialties to participate in a Fellows Retreat. The inaugural retreat last year was given very high marks by attendees for both utility and pleasure.

The goal of the retreat is to provide clinical fellows with educational content important for clinical training and professional development, but that may be difficult for fellowship program directors to provide for their trainees.

The retreat format will include a mixture of lectures and small breakout group sessions, and will cover a variety of topics, including Tips for Getting Published, Work/Life Balance, Risk Management, Teaching Skills, Cultural Competency, Communication Skills, etc. A detailed agenda will follow.

We hope that the retreat will also provide the fellows with a valuable networking opportunity to meet their peers across Partners hospitals.

Please contact Shawn Vanner in the Partners GME office at (617) 732-6065 with topic suggestions or questions about the Course. We value your suggestions, and can attempt to integrate topics that are widely requested.

Course Location: METRO MEETING CENTER

101 Federal Street, 4th Floor

Boston, MA

www.metromeetingcenters.com

Please RSVP to Shawn Vanner or Lisa DiPrizio in the Partners GME office no later than September 15, 2008
via email: phsgmeorfsa@partners.org or by calling: (617) 732-6065.

*Please provide the name, hospital, program (specialty) and email address for each Fellow planning to attend.

Sponsored by the Partners Office of Graduate Medical Education and the Office of Resident and Fellow Support and Advocacy
