## **Welcome to the Partners HealthCare Choice MassHealth ACO**

Your primary care doctor is part of a new program called the Partners HealthCare Choice ACO. Partners HealthCare Choice is a MassHealth Accountable Care Organization (ACO). ACOs are new types of organizations that help doctors work with their patients to improve their care.

Enclosed is your member ID card for the Partners HealthCare Choice ACO. Member ID card(s) for other household members may also be included. Please check your ID card to make sure the information is correct. If it's not correct, please call Partners HealthCare Choice Customer Service at 1-800-231-2722. Carry your card with you and show it when you get health care services or medicine.

We will be mailing you a handbook about your new health plan soon. Watch your mail.
