

ACADEMIC FELLOWSHIP IN SIMULATION EDUCATION

Make an impact that *transcends* healthcare boundaries

NOW ACCEPTING APPLICATIONS FOR JULY 2020

PROGRAM OVERVIEW

- 2-year, funded opportunity for a physician from a 3- or 4-year residency (all specialties)
- Learn about curriculum design & implementation, assessment, center operations, and research
- Complete a Master of Science in Health Professions from the MGH Institute of Health Professions
- Have a primary role in the STRATUS Non-Technical Skills Research Laboratory
- Participate in the education, leadership, and systems course at the Harvard Macy Institute

EDUCATIONAL FOCUS

- Develop, implement, debrief and assess, simulation-based curricula
- Become proficient in technical areas of simulation, design, and operations
- Build analytic skills and learn the path to becoming an independent researcher
- Publish original research and scholarly work in peer-reviewed journals
- Present your research and curricula at local and national conferences
